RISHAV CHAUDHARY
SOFTWARE DEVELOPER

OBJECTIVE

To secure a challenging Software Developer position where my expertise in Python, C, C++, MERN stack, and Django, coupled with strong problem-solving abilities and a passion for creating efficient and scalable solutions, can be leveraged to develop innovative software and contribute to organizational success.

PROJECTS

TIC-TAC-TOE GAME
HTML, CSS, JavaScript

Developed a browser-based interactive Tic-Tac-Toe game with a clean UI and responsive design. Implemented game logic using vanilla JavaScript with dynamic DOM manipulation and real-time win/draw detection.

EVENT MANAGEMENT SYSTEM
Python, Django, SQLite

Built a web application for managing events with features like user registration, event creation, ticket booking, and admin controls. Implemented Django's authentication and templating system for secure and efficient management.

ACADEMIA – E-LEARNING PLATFORM
MERN Stack (MongoDB, Express.js, React.js, Node.js)

Developed a scalable e-learning platform enabling users to enroll in courses, watch video content, and track progress. Integrated authentication (JWT), role-based access control, and responsive frontend with React.

ONLINE GROCERY STORE
MERN Stack (MongoDB, Express.js, React.js, Node.js)

Created a full-stack e-commerce application featuring product browsing, cart management, user authentication, and order processing. Built RESTful APIs and integrated Stripe for payment functionality.

ABOUT ME

I'm a dedicated software developer who believes in the power of **elegant and scalable code** to create truly **transformative digital products**. My ultimate aim is to engineer applications that genuinely **address complex challenges** and make a significant positive impact. I am continuously learning and adapting to build the best possible solutions.

EDUCATION

KATHMANDU MODEL COLLEGE, BAGBAZAR, 2021
+2 in Science

NEPAL ENGINEERING COLLEGE, BHAKTAPUR
Bachelor of Computer Engineering

SKILLS

HTML
CSS
JavaScript
Python
C, C++
MERN
Django
